KEEP WATERMANS IN BRENTFORD

Taking the art out of Brentford takes the heart out of Brentford

We call upon Hounslow Council to recommit to moving Watermans into the centre of Brentford.

The Council should immediately sit down with Ballymore and work through the detail of how to include Watermans in the Brentford town centre masterplan (with the minimum of equivalent facilities currently provided including theatre, cinema, gallery and dance space) before time runs out on this unique opportunity.

This Brentford relocation should be enabled through a land swap.

A move to Hounslow presents a severe risk to Watermans collapsing through loss of their well-established local customer base and undermining the regeneration of Brentford town centre.
